

Home State Health partners with Magellan to manage outpatient cardiac imaging to assist physicians in the timely management of patients with possible cardiac disease. Home State and Magellan invite you to participate in one of the following Workgroups/Webinars:

Cardiac Provider Experience Workgroups

Hello RadMD user,

Have you ever thought about ways to improve the authorization process for cardiac services? Then share your feedback with us!

On June 16, 2022, and June 30, 2022, we will host cardiac provider experience workgroups and would love to hear your ideas for creating a better experience! These hour-long webinar sessions are an ideal opportunity for you to share your opinions and collaborate with us on an authorization process that better suits your needs.

Topics for discussion in the cardiac provider experience workgroups will include:

- Prior authorization process
- Methods for submitting clinical information
- Required clinical information
- Peer-to-peer process
- Appeals process
- Provider support and resources available
- [RadMD](#) and potential future enhancements

If you are a cardiac provider interested in attending, send an e-mail with your practice name, specialty, and contact information to niawebinar@magellanhealth.com. We encourage you to enroll early as available slots for these workgroups will fill up quickly. If you are unable to attend, additional sessions in Pacific and Central time zones will be offered in July of 2022. Please continue to check your e-mail for details on future cardiac webinars.

Do not miss out on this chance to let your voice be heard and help us improve the cardiac authorization process!

Thank you for being a valued [RadMD](#) user!

Questions? Comments? Need help?

Send an email to RadMDSupport@MagellanHealth.com or call toll-free 1-800-327-0641.

RadMD is available 24/7, except when maintenance is performed every third Thursday of the month from 9 p.m. - 12 a.m. PST.
